PPP Committee Motion Passed May 3, 2022 Unanimous 5-0-0

PROJECT TITLE: Fabrication of a Capital Mold - Step 1 in the Venice Historic Colonnade Restoration

PROJECT DESCRIPTION: Several of the original iconic historic Italian columns that Abbot Kinney created for Windward Avenue, Market Street and Ocean Front Walk are completely missing, in need of proper capitals, or repairs.

To get the refurbishment project started, we need to have a reusable mold created that will enable the casting of the capitals.

This is the first step in securing the participation of adjacent property owners, to enable as many of the 40 missing columns to be replaced.

Los Angeles Historic-Cultural Monument #532 designated in 1991 - Venice Arcades, Columns and Capitals.

PUBLIC BENEFIT:

The Colonnade is both unique to Venice and beautiful historic architecture. Abbot Kinney designed and built the colonnade as a visual icon, endowing Venice of America with Moorish architecture reminiscent of Venice, Italy.

Both residents and visitors of Venice benefit from restoring our most beautiful historic architecture. This unique and beautiful entry to the beach, generates community pride in our fantastic and eclectic cultural heritage. Like the re-creation of the Venice Sign, tourism also is greatly enhanced by restoring our picturesque icons.

VNC funding, enabling the creation of a reusable mold will provide the foundation for our committee to confirm community support for the restoration of the balance of the Colonnade.

BUDGET:

We invited several bids.

Vision Scenery, <https://www.visionscenery.com/> the #1 set/prop/sculpture shop in L.A. (and longtime family/friends/colleagues of Venice stakeholders Lealani & Jordan Daws) gave us an excellent bid: \$5,000 for the rubber mold. See attached.

PROJECT TIMELINE:

Start date: __06__ / __01__ / __2022__

Date Funds Required: __06__ / __01__ / __2022__

Expected Completion Date: __9__ / __01__ / __2022__

TOTAL FUNDS REQUESTED:

\$5,000

MOTION:

Whereas several of the beautiful iconic Nationally Registered Historic Italian Columns that Abbot Kinney created for Windward Avenue, Market Street and Ocean Front Walk are completely missing, in need proper capitals, or repairs; and

Whereas the restoration of the Colonnade generates both community pride in our fantastic eclectic cultural heritage and enhances tourism.

Now, therefore, the Venice Neighborhood Council moves to allocate \$5,000 in Community Improvement Project funds for the creation of a reusable mold to begin the process and secure community involvement in the restoration of the Venice Colonnade.
