OLD BUSINESS

NOTE: Postponed from Jan 2024 agenda and Rules and Selections has requested it be sent back to their committee.

LUPC REVIEW PROCESS (3-0-0)

The purpose of the proposed changes is three-fold: 1) to clarify the standard of review for proposed developments within Venice, 2) to clarify steps LUPC should follow in the project review process, and 3) to establish timelines for the speedy review and processing of projects.

Motion: The Board of Officers will strike the existing Standing Rule Section 3 LUPC Committee (pages 3-4), and hereby adds the following replacement to its Standing Rules:

I. LUPC Agendas

The Agenda shall be prepared by the Land Use & Planning Committee (LUPC) Chair or other LUPC member assigned by the committee and shall include an agenda item to decide the disposition of all new projects in the bi-weekly Certified Neighborhood Council (CNC) City Planning Early Notification Reports since the last LUPC meeting.

II. Review of Projects

Initiating Review: The LUPC is responsible for reviewing applications for new projects listed in the CNC City Planning Early Notification Reports since the last LUPC meeting.

LUPC will determine if any projects need additional review and a public LUPC hearing by considering the project's conformance with the VCP (Venice Community Plan), which includes all of Venice, and the LCP (Venice Local Coastal Program Land Use Plan), which includes only the Coastal Zone of Venice. If there is not a consensus of the group on whether to waive the review of a given project or not, further review of the project will be put to a vote of the committee.

Projects Needing No Further Review: Those projects for which additional review is waived will appear on the next VNC Board Agenda under the Agenda Item title "Projects for which VNC Recommendation is Waived, Without Prejudice." The Board can vote to approve the list or approve a modified list and send any one of the projects listed back to LUPC for review and a public hearing.

Projects Needing Further Review: Those projects selected for further review and hearing will be assigned by the Chair during the public meeting to a LUPC member who will work with the applicant and the neighbors to prepare a written LUPC Staff Report. If there is opposition to the assignment of the LUPC member to a given project, the assignment will be put to a vote of the committee. Within one month's time, or as soon as practicable, each project assigned shall be reviewed at a LUPC meeting at which a written Staff Report is presented that includes the recommendation, project description, pros and cons, a summary of community input, and any findings.

Projects for which a hearing is being held must contain the following minimum project information on the LUPC and VNC agendas: Address:

All Case Numbers: LUPC member assigned: Applicant/Applicant's Representative: Email for City Planner assigned: Detailed Project Description: Link to City Planning website where application and plans are posted: Link to LUPC Staff Report

VNC Board Action: Those projects that have been heard at a LUPC meeting will appear on the next VNC Board agenda under the Agenda Item title "Projects for which LUPC Recommends Board Action." The Board can vote to accept the recommended action, reject the recommended action, or return it to LUPC for further review.

The results of the VNC Board LUPC agenda items shall be sent by the VNC Board Secretary within 72 hours of the meeting to the current City Planning Supervisor for Venice

projects and the City Planner(s) assigned, with copies to the LUPC Chair and the VNC President.

NEW BUSINESS

12. PARKING AND TRANSPORTATION COMMITTEE

A. RESOLUTION TO PRIORITIZE TOWING OF RVs AND CAMPERS NEAR RESIDENCES, SCHOOLS, CHILD CARE CENTERS, PARKS, POST OFFICES, LIBRARIES AND SENIOR CENTERS (4-0-1)

Whereas, Venice is currently the unwanted host to over 100 RVs, campers and vans used as dwellings; and

Whereas, many of these vehicles have been parking in the same location, within several feet of residences, for months, in some instances for years; and

Whereas, the city of Los Angeles has unconscionably established a regulatory straitjacket for itself that unnecessarily limits its ability to enforce many existing parking regulations, including the Venice-specific "No Oversize Vehicles 2-6AM" ordinance (OVO), the 72-hour rule requiring all vehicles parked on city streets to move after this period, and the requirement to move on days of street sweeping, and

Whereas, this city policy straitjacket:

- i. Puts a priority on citing and towing vehicles that create traffic hazards, environmental or public health hazards (read: obviously leaking sewage to the street), obstruct city services, and/or are inoperable or unregistered.*
- ii. While it established (though not by ordinance) a lengthy internal city process of engagement and attempts at voluntary compliance, which accepts and enables continued vehicle dwelling in the city of Los Angeles, while all the cities and county incorporated territory near Venice completely ban vehicles over 7 or 8 feet tall at night on city streets (without a city permit) and enforce all their parking ordinances.
- iii. And ignores the serious burden placed on residents by the policy, which allows for occupied vehicles to remain within feet of residents and significant spaces and facilities used by the public for years at a time, robbing residents and their guests of street parking, while also permitting ceaseless accumulation of trash, bikes and bike "chop shops," and food waste, discharge of human sewage to gutters, the storm drain system and Venice beach waters, and frequent late-night noise, preventing residents' "quiet enjoyment of their homes;" and

Whereas, these policies were requested and put in place by former city councilmember Mike Bonin in his capacity as chair of the city council's Parking and Transportation Committee; and

Venice Neighborhood Council

PO Box 550, Venice, CA 90294

www.VeniceNC.org

Whereas, the voters of Council District 11, which includes Venice, elected Traci Park as councilmember specifically to reverse the misguided policies of Mr. Bonin, especially in the city's approach to public safety, homeless encampments and resident quality-of-life; and,

Whereas, during the pandemic, the city enforced none of the parking regulations cited above, and saw a steep increase in the number of vehicles used as dwellings, which was not mirrored in nearby cities, and the city allowed its contracted ability to tow and store and dismantle oversize vehicles to atrophy and has proved incompetent at increasing these capabilities over the time since the pandemic emergency order was repealed;

MOTION:

Therefore Be It Resolved, that the Venice Neighborhood Council calls upon councilmember Traci Park to immediately introduce a motion to establish, at least in CD 11, that the city prioritize citing and towing of all vehicles violating any of the three regulations above – OVO, 72 hour rule, street sweeping – parked on city streets within 75 feet of a residentially-occupied structure, a school, a child care center, park, library, post office, or senior center, regardless of whether they are used as dwellings or not.

B. CROSSWALKS/SIGNAGE ON SPEEDWAY (4-0-0)

Whereas there is increased traffic on Speedway between Marine Ave and 30th Place due to traffic slowing on Pacific and apps such as Waze. Whereas facilities like the Safran Center Senior Housing, Phoenix House, many tourist destinations and other sensitive uses are located adjacent to Speedway. Whereas there is currently a lack of crosswalks, stop signs, and speed limit signage, creating a confusing and dangerous situation for drivers, pedestrians, both locals and tourists, therefore;

MOTION: the VNC shall write a letter to CD11, LA DOT, and BOE requesting additional crosswalks and signage to reduce speeds and increase public safety on Speedway (see supporting docs)

13. RULES AND SELECTIONS

Proposed amendments to Articles VI, VII, VIII, IX, XI, XII, XIII, IV of the 7/1/22 Bylaws (see supporting documents)

A. The Venice Neighborhood Council Board of Officers approves the submitted changes amending ARTICLE VI: OFFICERS of the previously adopted (7/1/22) VNC Bylaws.

B. The Venice Neighborhood Council Board of Officers approves the submitted changes amending ARTICLE VII: COMMITTEES AND THEIR DUTIES of the previously adopted (7/1/22) VNC Bylaws.

C. The Venice Neighborhood Council Board of Officers approves the submitted changes amending ARTICLE VIII: MEETINGS of the previously adopted (7/1/22) VNC Bylaws.

D. The Venice Neighborhood Council Board of Officers approves the submitted changes amending ARTICLE IX: FINANCES, ARTICLE XI: GRIEVANCE PROCESS and ARTICLE XII: PARLIAMENTARY AUTHORITY of the previously adopted (7/1/22) VNC Bylaws.

E. The Venice Neighborhood Council Board of Officers approves the submitted changes amending ARTICLE XIII: AMENDMENTS and ARTICLE XIV: COMPLIANCE of the previously adopted (7/1/22) VNC Bylaws.

14. LUPC

A. CEQA APPLICATION TO HISTORIC RESOURCES (8-1-0)

CEQA requires analysis of impacts to historical resources and defines historical resources as those listed in or determined to be eligible for listing in the California Register of Historical Resources (California Register), those designated locally, and those that the City elects to treat as historical resources based on substantial evidence that they meet federal, state, or local listing criteria. Historical resources may include buildings, structures, sites, objects, and historic districts. Regulating historical resources falls within the jurisdiction of several levels of government: the framework for the identification of historical resources is established at the federal level, while the documentation and protection of such resources are often undertaken by state and local governments.

MOTION:

The VNC requests a 60-day extension on the proposal to allow for adequate study and provide more information on standards being proposed and potential impacts.

B. CEQA THRESHOLDS RELATED TO CONSTRUCTION NOISE AND VIBRATION (7-0-0)

Background Pursuant to California Environmental Quality Act (CEQA) Guideline Section 15064.7(b), the Department of City Planning (Department) is considering adopting updated thresholds of significance and methodologies to analyze impacts for construction noise and vibration. Pursuant to the authority of the Director of Planning (Director) under Los Angeles Charter Section 506 to make and enforce any necessary rules and regulations, the Director is considering the adoption of updated thresholds and methodology in the Department's

Venice Neighborhood Council

PO Box 550, Venice, CA 90294

www.VeniceNC.org

preparation of CEQA clearances. Below is a summary of the proposed updates to the CEQA Thresholds related to Construction Noise and Vibration. An analysis of the City’s current construction noise thresholds, as well as a review of best practices and thresholds used by other jurisdictions, found that the City’s existing thresholds are overly conservative, especially in the context of impacts to public health. In particular, the use of a numeric threshold based on the increase in decibel levels over existing ambient conditions (e.g., a 5 dBA [A-weighted decibel] increase over ambient conditions) often results in a determination that construction noise impacts are significant, even for routine construction activities that are expected to occur in an urban environment. The increase in ambient level threshold is so low that it has the potential to show significant environmental impacts, even for activities such as a single day of construction or exterior remodeling of a single-family home in a residential area involving no unusual noise-producing equipment. As a result, a more appropriate construction noise threshold should be crafted in consideration that construction noise is temporary and periodic, and that while construction noise could result in human annoyance, it may not necessarily result in direct health impacts unless a certain absolute noise threshold is attained.

Motion: The Venice Neighborhood Council requests that the City’s current draft of the CEQA Thresholds Related to Construction Noise and Vibration changes be withdrawn and the process started again with a citizen advisory panel and a technical advisory panel.
