A. (3-0-0) RESOLUTION FOR AN ORDINANCE TO AUTHORIZE CITATIONS TO PERSONS CAMPING IN PUBLIC PLACES IN VENICE EVEN IF THEY ARE IN VEHICLES PROVIDED HOUSING IS AVAILABLE TO THEM

The explanations and rationales for the ordinance are in the Supporting Documents for this resolution filed herewith.

MOTION: the Venice Neighborhood Council calls upon the Los Angeles City Council to pass and the Mayor to sign a Venice-specific ordinance, which provides:

- i. In instances when specific shelter has been offered to a person dwelling on public property in the Venice district of the city of Los Angeles, police officers may issue citations pursuant to LAMC Sec.11.00 against any person camping on public property even if within a vehicle
- ii. Regardless of shelter availability, officers may enforce violations in the following locations:

 2. Within 1000 feet of a facility offering temporary shelter or affordable housing for individuals who had previously been homeless.

B. (3-1-0) RESOLUTION TO PRIORITIZE TOWING OF RVS AND CAMPERS NEAR RESIDENCES, SCHOOLS, CHILD CARE CENTERS, PARKS, POST OFFICES, LIBRARIES AND SENIOR CENTERS

MOTION: Now, Therefore Be It Resolved, that the Venice Neighborhood Council calls upon councilmember Traci Park to immediately introduce a Motion to establish, at least in CD 11, that the **city prioritize citing and towing** of all vehicles violating any of the three regulations above – OVO, 72 hour rule, street sweeping – parked on city streets within 75 feet of a residentially-occupied structure, a school, a child care center, park, library, post office, or senior center, regardless of whether they are used as dwellings or not. Upon passage this Resolution shall be transmitted to the Council District 11 councilmember.

Whereas, Venice is currently the unwanted host to over 100 RVs, campers and vans used as dwellings; and

Whereas, many of these vehicles have been parking in the same location, within several feet of residences, for months, in some instances for years; and

Whereas, the city of Los Angeles has unconscionably established a regulatory straitjacket for itself that unnecessarily limits its ability to enforce many existing parking regulations, including the Venice-specific “No Oversize Vehicles 2-6AM” ordinance (OVO), the 72-hour rule requiring all vehicles parked on city streets to move after this period, and the requirement to move on days of street sweeping, and

Whereas, this city policy straitjacket:

- Puts a priority on citing and towing vehicles that create traffic hazards, environmental or public health hazards (read: obviously leaking sewage to the street), obstruct city services, and/or are inoperable or unregistered.
- While it established (though not by ordinance) a lengthy internal city process of engagement and attempts at voluntary compliance, which accepts and enables continued vehicle dwelling in the city of Los Angeles, while all the cities and county incorporated territory near Venice completely ban vehicles over 7 or 8 feet tall at night on city streets (without a city permit) and enforce all their parking ordinances.
- And ignores the serious burden placed on residents by the policy, which allows for occupied vehicles to remain within feet of residents and significant spaces and facilities used by the public for years at a time, robbing residents and their guests of street parking, while also permitting ceaseless accumulation of trash, bikes and bike “chop shops,” and food waste, discharge of human sewage to gutters, the storm drain system and Venice beach waters, and frequent late-night noise, preventing residents’ “quiet enjoyment of their homes;” and

Whereas, these policies were requested and put in place by former city councilmember Mike Bonin in his capacity as chair of the city council’s Parking and Transportation Committee; and

Venice Neighborhood Council

PO Box 550, Venice, CA 90294

www.VeniceNC.org

Whereas, the voters of Council District 11, which includes Venice, elected Traci Park as councilmember specifically to reverse the misguided policies of Mr. Bonin, especially in the city’s approach to public safety, homeless encampments and resident quality-of-life; and,

Whereas, during the pandemic, the city enforced none of the parking regulations cited above, and saw a steep increase in the number of vehicles used as dwellings, which was not mirrored in nearby cities, and the city allowed its contracted ability to tow and store and dismantle oversize vehicles to atrophy and has proved incompetent at increasing these capabilities over the time since the pandemic emergency order was repealed;

12. NEW BUSINESS

13. PARKING AND TRANSPORTATION

A. Connectivity of Abbot Kinney Blvd to Centennial Park (4-0-0)

MOTION: The Board of Officers of the Venice Neighborhood Council requests that the west crosswalk of Venice Boulevard at Abbot Kinney Blvd be connected to the island, and a access point be created in the fencing, such that pedestrians may access Centennial Park from Abbot Kinney Boulevard, as per DOT's "pedestrian island" recommendation.

DESCRIPTION: Rec & Parks has installed fencing around Centennial Park, preventing public access and viewing of this important Venice Park.

B. Oppose Metro Congestion Pricing on the Westside Without Robust North/South Transit Options Already in Place (4-0-0)

MOTION: The Venice Neighborhood Council, a member of the Westside Regional Alliance of Councils (WRAC), strongly opposes the implementation of Metro's Congestion Pricing pilot (aka the Metro Traffic Reductions Study (TRS) project) without first having robust transit options in place in the North/South direction through the Sepulveda Pass from the 101 to the 10 freeway. Robust transit options are defined as either 1) enhanced bus service through the Sepulveda Pass as previously suggested by the Southern California Association of Governments

(https://scag.ca.gov/sites/main/files/fileattachments/mobilitygozone_report_final.pdf?1604269434) and 2) the Sepulveda Transit Corridor project, which will provide either monorail or heavy rail subway service from the San Fernando Valley to LAX, with a station on the UCLA Campus and a direct seamless connection to the Purple Line on Wilshire Blvd.

DESCRIPTION: Los Angeles is currently trying to give people more options for robust public transit, but the fact remains that we haven't accomplished this goal yet. If congestion pricing is going to be piloted or permanently implemented anywhere in Los Angeles, then it should only be done if everyone has a real option to travel without a car. It's been suggested that, if Metro can reimagine its bus system, much like London did, this might be possible. Currently, without robust transit options in place along the 405 freeway and in the Sepulveda Pass, drivers do not have the option to switch to public transit. If a Metro congestion pricing pilot were implemented on the Westside along the 405 freeway or Santa

Venice Neighborhood Council

PO Box 550, Venice, CA 90294

www.VeniceNC.org

Monica Mountain canyons' streets, most drivers would have no choice but to pay the tolls for their trips to work or school. It should also be noted that, even with the transit options available on the Westside in the East/West direction, it is questionable whether the currently available mass transit in that direction could accommodate increased demand if congestion pricing were implemented along the 10 freeway.

14. SCHOOLS AND PARKS

A. Security And Ordinance Enforcement Needed At Penmar Recreation Center (8-0-0)

16. RULES AND SELECTIONS

A. Opposition to CF 15-0389-S2 (2-0-0)

MOTION: for CIS and letter stating opposition to CF 15-0389-S2 allowing neighborhood associations and community councils the same privileges as Los Angeles City certified Neighborhood Councils.

DESCRIPTION: The Venice Neighborhood Council opposes CF 15-0389-S2 granting neighborhood associations the same privileges afforded by certified Los Angeles City Neighborhood Councils (NCs) pursuant to Los Angeles Administrative Code Section 22.819. All certified NCs are required to comply with the Brown Act, the Public Records Act, and the policies and rules of the Board of Neighborhood Commissioners, the Department of Neighborhood Empowerment and the City Clerk's NC Funding Program and NC Election Divisions. NC Board members must take several trainings including Ethics, Anti Bias, and Community Gender Bias, as well as comply with a Code of Conduct. Neighborhood association members do not have to comply with any of the above. Further, NC meetings must comply with the Brown Act by giving notice of meeting times and locations, the timely filing of agendas and being open to the public. NCs are prohibited from activities such as raising outside funding, supporting or opposing candidates and ballot measures, and suing The City. Neighborhood association members are not required to take any type of training, they can restrict board membership in any way they choose, they do not need to give notice of meeting times and locations, allow the public to

Venice Neighborhood Council

PO Box 550, Venice, CA 90294

www.VeniceNC.org

attend and address them, or let the public know what they are discussing and deciding. Where NCs are supposed to be open and not discuss or decide issues before them in any manner other than at a public meeting, neighborhood associations can meet and decide issues in ways that are opaque and secretive. Finally, many neighborhood associations are dues paying organizations and conduct private elections not open to the public. Therefore, the VNC opposes CF 15-0389-S2. Additionally, a letter will be sent to Council Member Traci Park, City Council President Paul Krekorian, Interim DONE General Manager Vanessa Serrano and City Attorney Hydee Feldstien Soto.

B. LUPC Review Process Standing Rule (2-0-0)

MOTION: purpose of the proposed changes are: 1) to clarify the standard of review for proposed developments within Venice, 2) to clarify steps LUPC should follow in the project review process, 3) to establish timelines for the speedy review and processing of projects, and 4) establish a consistent level of transparency for all.

DESCRIPTION: VNC Board of Officers will strike the existing Standing Rule Section 3 "LUPC Committee" (pages 3-4), and hereby adds the following replacement to its Standing Rules: Land Use and Planning Committee (LUPC): I. LUPC Agendas The Agenda shall be prepared by the Land Use & Planning Committee (LUPC) Chair or other LUPC member assigned by the committee and shall include an agenda item to decide the disposition of all new projects in the bi-weekly Certified Neighborhood Council (CNC) City Planning Early Notification Reports since the last LUPC meeting. II. Review of Projects Initiating Review. The LUPC is responsible for reviewing applications for new projects listed in the CNC City Planning Early Notification Reports since the last LUPC meeting. LUPC will determine if any projects need additional review and a public LUPC hearing by considering the project's conformance with the VCP (Venice Community Plan), which includes all of Venice, and the LCP (Venice Local Coastal Program Land Use Plan), which includes only the Coastal Zone of Venice. If there is not a consensus of the group on whether to waive the review of a given project or not, further review of the project will be put to a vote of the committee. Projects Needing No Further Review: Those projects for which additional review is waived will appear on the next VNC Board Agenda under the Agenda Item title "Projects for which VNC Recommendation is Waived, Without Prejudice." The Board can vote to approve the list or approve a modified list and send any one of the projects listed back to LUPC for review and a public hearing. Projects Needing Further Review: Those projects selected for further review and hearing will be assigned by the Chair during the Committee's public meeting to a specific LUPC member who will work with the applicant and the neighbors to prepare a written LUPC Staff Report. If there is opposition to the assignment of the LUPC member to a given project, the assignment will be put to a vote of the committee. Within one month's time, or as soon as practicable, each project assigned shall be reviewed at a LUPC meeting at which a written Staff Report is presented that includes the recommendation, project description, pros and cons, a summary of community input,

and any findings as required by the VNC Bylaws. Projects for which a hearing is being held must contain the following minimum project information on the LUPC and VNC agendas: Address: All Case Numbers: LUPC member assigned: Applicant/Applicant’s Representative: Email for City Planner assigned: Detailed Project Description: Link to City Planning website where application and plans are posted: Link to LUPC Staff Report VNC Board Action. Those projects that have been heard at a LUPC meeting will appear on the next VNC Board agenda under the Agenda Item title “Projects for which LUPC Recommends Board Action.” The Board can vote to accept the recommended action, reject the recommended action, or return it to LUPC for further review. The results of the VNC Board LUPC agenda items shall be sent by the VNC Board Secretary, or assigned designee, within 10 business days of the meeting to the current City Planning Supervisor for Venice projects and the City Planner(s) assigned, with copies to the VNC Board.
