A LUPC Recommendation to the VNC Board for position on SurveyLA community impact

MOTION: The VNC Board demands that the City of Los Angeles adopt the following policy:

1. The results of SurveyLA do not constitute fair argument of substantial evidence of a potential significant impact to historic resources under CEQA or otherwise. This should be noted on all published documents including Zoning Information Bulletins available on ZIMAS.
2. SurveyLA is a planning tool only that may be used when updating community plans, specific plans and coastal plans; it should not be used on an individual case-by-case basis
3. The burden is on the City to prove substantial evidence of a potential significant impact to historic resources on a case-by-case basis
4. No clearances related to SurveyLA shall be required on discretionary or non-discretionary permits unless the City proves substantial evidence exists above and beyond information in SurveyLA
