d) How long have you been a stakeholder in the VNC area?

I have lived in Venice for greater than 11 years and have had the ability to witness its marked progression while also facing persistent obstructions, and I feel that I can bring this education to the neighborhood council with a strong intent to improve our community.

2) Please list your previous and/or current neighborhood or community involvement. **None as of yet.**

3) Please list the three most pressing issues that you feel are facing the Venice Community.

1. Homelessness

2. Safety

3. Maintaining the attractiveness for our out of town guests who support local businesses

4) What do you see as the primary roles of the Venice Neighborhood Council?

Attending regular meetings to collaborate with colleagues having the same agenda to improve our community while working together to find solutions to problems that only we as neighbors are aware of. I feel this gives us the strength to take these problems to a higher level of action to mandate proper results. I also believe in becoming personally immersed in the community supporting the individual voices of all, and bringing this to the council.

5) What is your Vision for Venice?

To make it a comfortable and safe place for all of us to reside.

6) Are you willing to participate in a VNC committee? Which committee interest you and why?

I am interested in the neighborhood council committee to be the voice of the locals while attempting to implement a tight knit community that we all enjoy being a part of and can live simultaneously in peace despite our socioeconomic differences.
