

**ORDINANCE NO. 185343**

An ordinance adding Article 4 to Chapter X of the Los Angeles Municipal Code to regulate commercial cannabis activities in the City of Los Angeles.

**THE PEOPLE OF THE STATE OF CALIFORNIA  
DO ORDAIN AS FOLLOWS:**

Section 1. Article 5.1 of Chapter IV of the Los Angeles Municipal Code, which sets forth restrictions on medical marijuana businesses and granted a limited immunity to those businesses, is repealed effective January 1, 2018.

Sec. 2. A new Article 4 is added to Chapter X of the Los Angeles Municipal Code to read as follows:

**ARTICLE 4**

**CANNABIS PROCEDURES**

**SEC. 104.00. PURPOSE.**

In November 2016, the people of the State of California voted to approve Proposition 64, the Adult Use of Marijuana Act (AUMA), which decriminalized certain activities related to non-medical cannabis in California. Subsequently, the State enacted the Medicinal and Adult-Use Cannabis Regulation and Safety Act to establish a system to control and regulate the cultivation, distribution, transport, storage, manufacturing, processing and sale of both medicinal and recreational cannabis. The AUMA also provided for State licensing of commercial cannabis businesses, starting January 1, 2018. State law requires city approval in order to obtain a State License. The City desires to create a licensing system for certain cannabis-related businesses. Therefore, the City has created a Department of Cannabis Regulations and a Cannabis Regulation Commission to implement this article and otherwise coordinate administration of the requirements of this article. The City Council will promulgate and approve by resolution Rules and Regulations for this article.

The City has a long history of working with communities to make medical cannabis available to patients with a medical need and physician approval. However, the City experienced years of litigation enforcing various ordinances against illegal cannabis businesses.

Because the ongoing litigation limited enforcement, it left residents subject to the negative impacts and secondary effects associated with Cannabis related activities in the City, including, but not limited to, those documented in case law and in the legislative histories of Cannabis-related laws in the City. Without comprehensive regulations, consumers in the City were vulnerable to the dangers inherent in ingesting and using a substance that was not subject to basic rules of safety for ingestible

substances. Nor were the businesses penalized for unscrupulous practices utilized against defenseless consumers. Further, unregulated cannabis businesses remain a source of danger for unsuspecting neighbors when fires or other catastrophes take place at those locations.

In order to appropriately acknowledge and address the harmful impacts of past Cannabis policies and their enforcement, the Social Equity Program is aimed at promoting equitable ownership and employment opportunities in the Cannabis industry. This program is intended to decrease disparities in life outcomes for marginalized communities and to address disproportionate impacts of Cannabis prohibition in adversely-impacted and lower income communities. In furtherance of these goals, the City Council adopts the Social Equity Analysis report, dated October 18, 2017, and its addendums, as the findings for the Social Equity Program.

Therefore, it is the City's intent to issue licenses in an orderly and transparent manner to eligible applicants according to the requirements of this article and the Rules and Regulations, and to mitigate the negative impacts brought by unregulated Cannabis businesses.

(j) In construing and enforcing this article and the Rules and Regulations, any act, omission, or failure of an agent, officer, or other person acting for or employed by a

Licensee, within the scope of his or her employment or office, shall in every case be deemed the act, omission, or failure of the Licensee.

(k) If Applicant or Licensee contend that any information provided to the City is confidential, Applicant or Licensee shall mark that information as confidential at the time of submitting it to the City. If the City obtains a request for disclosure of the information, the City may provide Applicant or Licensee notice of the request for disclosure and allow Applicant or Licensee a period of time determined by the City to seek a court protective order. The City may publically release the information absent the issuance of the protective order or if the City is required by law to release the information.

(l) If the state adopts a law requiring a state Cannabis license applicant to agree to enter into a Labor Peace Agreement with any bona-fide labor organization who requests such an agreement, then an Applicant for a City Licensee shall meet that same requirement, with the exception that the requirement applies to Applicants with 10 or more Employees.

Protections under this article shall apply to any Employee who mistakenly, but in good faith, alleges noncompliance with

To renew a License, a completed License renewal form and renewal License fee shall be received by DCR from the Licensee no earlier than 120 calendar days before the expiration of the License, and no later than 60 calendar days before the expiration of the License. Failure to receive a notice for License renewal from DCR does not relieve a Licensee of the obligation to renew a License. In the event the License is not renewed prior to the expiration date, the Licensee shall cease all Commercial Cannabis Activity until such time that the Licensee is issued a new License from DCR and a license from the State of California. DCR shall send to the Licensee a letter denying or approving the License renewal application. The Licensee may file an administrative appeal, pursuant to Section 104.14, within 15 days of the date of DCR sending the denial letter. Failure to file an administrative appeal shall constitute a failure to exhaust administrative remedies.

(b) A Licensee's security plan must comply with the Rules and Regulations and be reviewed every year as part of the License renewal process. As part of the License renewal process, DCR may require modification to the Licensee's security plan.

(c) In order to receive a License renewal, a Licensee shall be in good standing with the requirements in this article and shall not be delinquent on any City tax or fee. (d) Any Licensee who has ceased conducting business at the Business Premises for a period exceeding 30 consecutive calendar days, except for bona fide remodeling pursuant to a City-issued building permit and for not longer than a commercially reasonable period of time as determined by DCR, shall be subject to action by DCR to suspend or revoke the License.

(e) DCR may cancel any License upon the request of the Licensee.

## **SEC. 104.13. ADMINISTRATIVE VIOLATIONS AND PENALTIES.**

(a) Violations of this article.

1. Within five years of discovering an alleged violation of this article, the Rules and Regulations or a License condition, DCR may issue a Notice of Violation (NOV) to the Licensee. Any action of DCR does not preclude any enforcement agency from taking its own enforcement action for violation of any local, state or federal law or regulation.

2. DCR shall use the following violation classes to assess administrative fines and the types of violations associated with each class shall be delineated in the Rules and Regulations: "Minor," "Moderate" and "Serious." Repeat Minor or Moderate violations that occur within a two-year period and result in an administrative fine may result in escalation to a higher class of violation.

3. DCR shall provide notice of a NOV by mail to the Licensee and the owner of the Business Premises as shown on the records of the City Engineer or the records of the County Assessor. The NOV shall contain all of the following: a brief statement of the alleged violation; a description of whether the violation is minor, moderate or serious; a statement of whether the violation is correctable; and a timeframe in which the violation shall be corrected, which shall not be sooner than 15 days from the date of mailing of the NOV. The notice shall also inform the Licensee or owner of the Business Premises that they may request an administrative hearing, pursuant to Section 104.14, within 15 days of the date of the NOV was mailed. The Licensee or the Business Premises owner's right to an administrative hearing shall be deemed waived if he or she fails to file a timely request for an administrative hearing. After the administrative hearing, or no sooner than 15 days of the date of the mailing of the NOV if no hearing was timely requested, DCR may take the following actions: 1) denial of a License renewal; 2) revocation or suspension of a License for a specified period of time; 3) more restrictive License conditions; and/or 4) order an administrative hold of Cannabis and/or a Cannabis product.

4. To prevent destruction of evidence, illegal diversion of Cannabis or a Cannabis product, or to address a potential threat to the environment or public safety, DCR may order an administrative hold of Cannabis or a Cannabis product. DCR shall give written notice, by mail, of the administrative hold to the Licensee and shall provide a description of the Cannabis and/or Cannabis product subject to the administrative hold, along with a statement for the basis of issuing the administrative hold. Within 24 hours of receipt of the notice of administrative hold, the Licensee shall physically- segregate all applicable Cannabis and/or

Cannabis products subject to the hold and shall safeguard and preserve the subject property as required in the notice and the Rules and Regulations. Following the issuance of a notice of administrative hold to the Licensee, DCR shall identify the Cannabis and/or Cannabis product subject to the administrative hold in DCR's track-and-trace system. While the administrative hold is in effect, the Licensee is restricted from selling, donating, transferring, transporting, or destroying the administratively held property. Nothing herein shall prevent a Licensee from the continued possession, cultivation, or harvesting of Cannabis subject to the administrative hold. During the hold period, all Cannabis and/or Cannabis products subject to an administrative hold shall be put into separate batches. Nothing herein shall prevent a Licensee from voluntarily surrendering Cannabis and/or a Cannabis product that is subject to an administrative hold. The Licensee shall identify the Cannabis and/or Cannabis product being voluntarily surrendered in DCR's track- and-trace system. Voluntary surrender does not waive the right to an administrative hearing pursuant to Section 104.14 within 15 days of the date of mailing of the written notice by DCR.

(b) Administrative fines may be assessed and collected pursuant to the Administrative Citation Enforcement Program under this Code and shall be issued in the following amounts:

1. "Minor" violation - amount equal to 50% of the current Cannabis License fee for each and every violation;
2. "Moderate" violation - amount equal to 150% of the current Cannabis License fee for each and every violation; and

If the time is not specified, the request for an administrative hearing shall be filed within 15 days of the date of mailing the notice of DCR's action. Failure to timely request an administrative

hearing shall constitute a failure to exhaust administrative remedies. If DCR places an administrative hold on Cannabis and/or a Cannabis product, the hold shall remain in effect pending the outcome of the administrative hearing.

(c) DCR shall schedule an administrative hearing before a hearing officer within 30 calendar days from the date of filing of the administrative hearing. DCR shall mail the notice of the hearing to the Licensee.

(d) Administrative hearings shall be conducted as follows:

1. The standard of proof to be applied by the hearing officer shall be preponderance of the evidence;

The hearing officer's decision shall be sent by mail to the Licensee and shall become final within 15 days of the mailing date, unless the Licensee files a timely appeal to the Commission.

(e) The Commission shall hold a hearing on an appeal by the Licensee from a hearing officer's decision within 60 days of the date of filing the appeal to the Commission. DCR shall mail to the Licensee notice of the hearing. The appeal to the Commission shall be conducted using the same criteria as in Section 104.14(d). Sec. 3. **URGENCY CLAUSE.** The City finds and declares that this ordinance is required for the immediate protection of the public peace, health and safety for the following reasons: As documented in, among other places, case law and the legislative histories of cannabis regulations in the City, the proliferation of unauthorized cannabis businesses, with the attendant crime and negative secondary impacts, poses a current and immediate threat to the public welfare; that despite aggressive enforcement by the office of the City Attorney, an unknown number of unauthorized cannabis businesses, including growers, delivery apps and delivery services, continue to open, close, and reopen within the City, and the proliferation of these unauthorized businesses has led to increased crime and negative secondary impacts in neighborhoods, including but not limited to violent crimes, robberies, the distribution of tainted marijuana, and the diversion of marijuana; that with State licenses for retail sales of cannabis, including nonmedical cannabis, becoming available in 2018, a comprehensive regulatory and enforcement system is required to protect the public and consumers of cannabis from the aforementioned crime and negative secondary impacts on the City's communities; that the passage of the 2016 Adult Use of Marijuana Act has created confusion about the legality of commercial cannabis activity in the City in the absence of a comprehensive local regulatory and enforcement system, with certain businesses selling or distributing nonmedical cannabis to the public despite lacking the proper authorization from the State or City to do so; that the State's issuance of licenses to businesses in other, nearby jurisdictions in the absence of a comprehensive local regulatory and enforcement program in the City of Los Angeles would create further confusion and potentially lead to the further proliferation of unauthorized cannabis businesses in the City; and that this further proliferation would result in that threat to the public welfare. For all of these reasons, this ordinance shall become effective upon publication pursuant to Section 253 of the Los Angeles City Charter.

Sec. 4. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in

the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.
