8. DISCUSSION ITEMS AND POSSIBLE MOTIONS

A. Fire Station

Background

The Venice Fire Engine #63 is located at 1930 Shell. This fire and rescue facility services the neighborhood of Venice 24 hours a day and seven days a week. This engine company has been servicing the public safety needs of Venice since 1930. The current facility was constructed in 1942 and opened some 82 years ago.

WHEREAS, the useful life of the Venice fire station has been exceeded;

WHEREAS, the Venice fire station is in need of a major renovation to meet the needs of the company and the equipment it houses, and

WHEREAS, it is a sensible investment to investigate the cost of a major renovation or new firehouse for the Venice neighborhood,

THEREFORE BE IT RESOLVED, that the Venice Neighborhood Council requests CD11 Office investigate renovation of the fire reconstruction of a new facility for the neighborhood and that a letter of endorsement of this renovation or new construction be sent to the office of Councilwoman Traci Park (CD-11) for her input, advice, insight and support.

B. Questions for Los Angeles Planning Department

Background

The California Department of Housing and Community Development (HCD) released the Regional Housing Needs Assessment (RHNA) which allocated the City of Los Angeles with producing 456,643 units. To that end, LUPC has the following questions relating to RHNA and how the city planning department views the RHNA requirements.

Therefore:

We seek answers to several questions from several sources in order to aid us, the Venice Community, to meaningfully address housing and planning issues facing the City of LA.

1. Does the city's production goal prioritize market or subsidized housing?
2. How are the required units being allocated across Community Plan Areas (CPA) across the city? How many units are designated for Venice?
3. Does the city's production goal prioritize larger projects (100+ units) or smaller (1-24 units)?
4. Is goal weighted towards dispersed housing or concentrated high density housing?
5. Is goal weighted towards employing suburban as opposed to urban zoning patterns?

C. Proposal to Require ADUs Replace Off Street Parking

Richard Stanger Memo: <https://www.venicenc.org/assets/documents/5/meeting665e520a8c440.pdf>

Proposed Motion:

VNC recommends to the City and Coastal Commission that any conversion of a garage to an ADU or JADU be required to replace the parking lost if the property is located in the Venice Coastal Zone west of the following boundary: 6th Avenue to Santa Clara Avenue, then east to California Avenue, then south on Shell Avenue to Venice Boulevard, then west to Abbot Kinney Boulevard, then south to the Marr Street jog to Oxford Avenue to Washington Boulevard, then west to Via Dolci, then south to the Marina Channel. This area is shown in Figure 1.
