Inviting participation for LAX Dunes

LAWA
Volunteer @ the LAX Dunes!
Coastal Dunes Improvement Project

Protect local biodiversity!

SATURDAY, JULY 20TH
9 AM - 12 PM

To register scan the QR code and use the [Events Calendar](#) at the bottom of the page

Join LAW A in our efforts to restore the LAX Dunes, a 307-acre coastal sand dune habitat located west of the airport. This area is home to a diverse ecosystem with over 900 native species, including the endangered El Segundo Blue Butterfly and sensitive species like the Southern California Legless Lizard and San Diego Horned Lizard.

To sign up for upcoming volunteer events dedicated to restoring the LAX Dunes, [click the registration link](#) provided at the bottom of the calendar page.
