3) Please list the three most pressing issues you feel are facing the Venice Community:

The lack of control and foresight in the development of Marina Del Rey.

The excessive intrusion in the business sector by over regulation, and ~~and~~ unwarranted changes to the existing regulation

The diminishing rights and accesses of the local residents and businesses to recourse of abuse by special interest lobbyists.

Equal balance in what exists and what is needed, and what is expected.

4) This committee shall promote greater awareness of available City resources and services and act as a conduit between the Board and Venice neighborhoods, assisting in community outreach and bringing neighborhood issues to the attention of the Board. How do you plan to fulfill this obligation?

Be aware of the difference between the spirit of the area, the real needs of the community and the reality of available resources. Keep cohesion in decisions and ensure that reason and balance are the priority.

5) What is your Vision for Venice?

This one of the last bastions of free speech, expression and open enjoyment.

Too many wealthy narrow-visioned intruders are jeopardising what so many true visionaries have created.

Venice is for the people, by the people and about the people.
