REVIEW (For Office Use Only)

PROJECT # (For Office Use Only) R

PROJECT DESCRIPTION SHEET

PROJECT DESCRIPTION (Include how many stakeholders will be working on this project.) (Maximum 500 words)

Funds are needed to purchase a quantity of Safe-Trac G, a paintable coating material that has non-skid properties, which is to be applied by a licensed contractor to the tread surfaces of the Venice Canals' 9 walk-bridges. The tread surfaces of these bridges have become seriously eroded over the years due to the excessive foot traffic caused in great part because the Canals have become a "Must See" tourist attraction. Currently, the condition of the walk-bridge treads make them a serious public safety hazard; several people have already severely hurt themselves after they slipped and fell as a result of the poorly maintained condition of the walk surfaces on the bridges. (Please see the "before" photos on Page 5.A, attached hereto.)

In 2007, the City's Street Services Department, which has jurisdiction over the care and upkeep of the walk-bridges in the Canals, was notified of the deteriorating condition of the walk surfaces of these bridges. At that time, Street Services applied one coat of the Safe-Trac G material to several, but not ALL, of the walk-bridges. At best, it was the equivalent of a band-aid being applied to a broken arm. (Note: The manufacturer recommends a minimum of 2-3 applications of Safe-Trac G to ensure a safe, skid-free durable walking surface.)

Now, almost four years later, the 9 walk-bridges are in worse shape than ever, and have become very dangerous to navigate, especially when they are damp or wet (which is most mornings near the beach). What little non-slip coating was applied in 2007 has now almost completely worn away through general wear and tear, and is further aggravated by skate boards and roller blades, which has torn up the coating even further. Without any sort of protective coating, the wood plank treads are becoming splintered and destroyed. Unless they are refurbished now, it is only a matter of time before all the footbridges will need to be taken out of public use because they will be a significant public safety hazard.

This situation needs IMMEDIATE attention. Unfortunately, the City has experienced a huge financial shortfall and simply does not have the funding to take care of our Canal walk-bridges as they have done historically.

We respectfully urge the Venice Neighborhood Council, through its Community Improvement Funding program, to help us repair our 9 walk-bridges to ensure Venice stakeholders and the many visitors who visit the historic Venice Canals annually remain safe from harm.

IS THIS PROJECT PART OF A LARGER PROJECT? YES NO

COMMUNITY BENEFIT (Description of benefit to the entire community and justification for these benefits)

The Canals and Venice Beach are two extremely popular (not to mention FREE) Southern California family-oriented destinations that are enjoyed by Venice stakeholders and tourists alike.

As you will see from the numerous signatures and range of addresses on the Community Involvement Sheet (Page 9 of this Application), Venice stakeholders, as well as people from all over, support our project because they enjoy walking around this very special and historic part of Venice.

Resurfacing the 9 walk-bridges with the proper non-skid product will not only protect the publics' use of this very highly trafficked community, but will also help to preserve the historic Canals bridges which make the area such a favorite venue with the public, for many years to come.

BUDGET SHEET

Applicants previously receiving Community Improvement Funds must complete Parts A & B (see instructions)
Applicants previously unfunded should only complete Part A – No match is required

PART A - VENDOR AND MATERIALS/SERVICES INFORMATION	TOTAL COST	NOTES
DAVID DePRIEST, Contractor Lic. No. 81430	\$ 3,000.00*	PREP & PAINT 9 WALK-BRIDGE TREADS with "SAFE-TRAC G" from Pro-Planet Industrial Supply
DAVID DePRIEST, Contractor Lic. No. 81430	\$ 700.00*	Misc. Supplies
PRO-PLANET INDUSTRIAL SUPPLY	\$ 1,800.00*	"SAFE-TRAC G" Non-skid coating
	*Not to exceed these amounts.	VNC will pay for this - NHC
PART B- APPLICANT MATCH – NAME OF SOURCE	\$ AMOUNT OF MATCH	NOTES
N/A		

PROJECT TOTAL (PARTS A & B) \$ 5,500.00**

** The Venice Canals Association will use voluntary monetary donations it has received from Film LA projects and Venice stakeholders to pay the shortfall between the VNC Community Improvement Funding Grant of \$2,000 and the final cost of completing this Grant proposal.

David DePriest

3601 Pine Ave Long Beach CA 90807
310-930-2305 Fax 562-912-4825
Contractors license # 81430

Date February, 28th 2011

Prepared for: Venice Canals Association P.O. Box 893 Venice CA 90294
Venice Neighborhood Council P.O. Box 550 Venice CA 90294

Prepared by: David DePriest

DePriest Construction agrees to perform services as following for the Venice Canals Association and the Venice Neighborhood Council.

Nine walk bridges, prepare all bridges for two coats of non-skid material on each bridge.

Cost of material \$1,800.00 or less. Cost of labor \$3,000.00 or less. Miscellaneous balance \$700.00.

From Award Notification to Project Completion:

Week #1 & 2: Obtain city permits, and prep all bridges.

Week #2 & 3: Complete painting of all bridges.

All work to be completed by May 1, 2012.

Sincerely,

David DePriest

Safe-Trac G

Product Description

Slip Resistant Textured Epoxy Coating

Available in: Black, gray, clear and yellow

- Durable
- Sure footing in wet areas
- Interior & exterior use
- Resistant to: alkali, detergents, acids and cleaning solutions.
- Adheres to: steel, concrete, stone, etc.

SAFE-TRAC G is integrated aggregate and single component enamel that provides a durable coarse non-slip surface. This non-chlorinated resin allows the non-skid coating to be applied to new and/or old concrete. It is recommended for surfaces requiring a tough, work-safe surface.

Packaging: 4x1 Gallons / Aerosol

PROJECT PLANNING SHEET

WORK PLAN (Include a TIME-LINE for the project with beginning date and completion date of each phase)

FROM AWARD NOTIFICATION TO PROJECT COMPLETION:

Week #1 & 2: Prep all bridges; begin painting bridges

Week #2 & 3: Complete painting of all bridges.

All work to be completed by May 1, 2012.

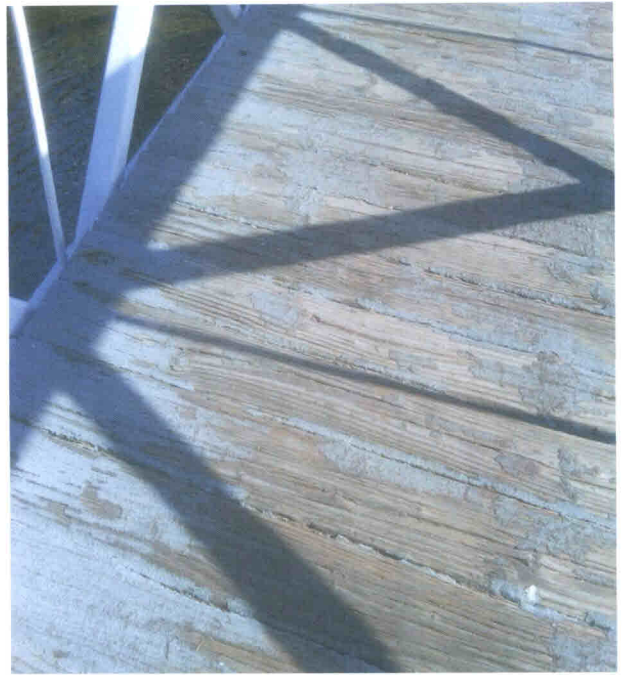

MAINTENANCE PLAN (If applicable)

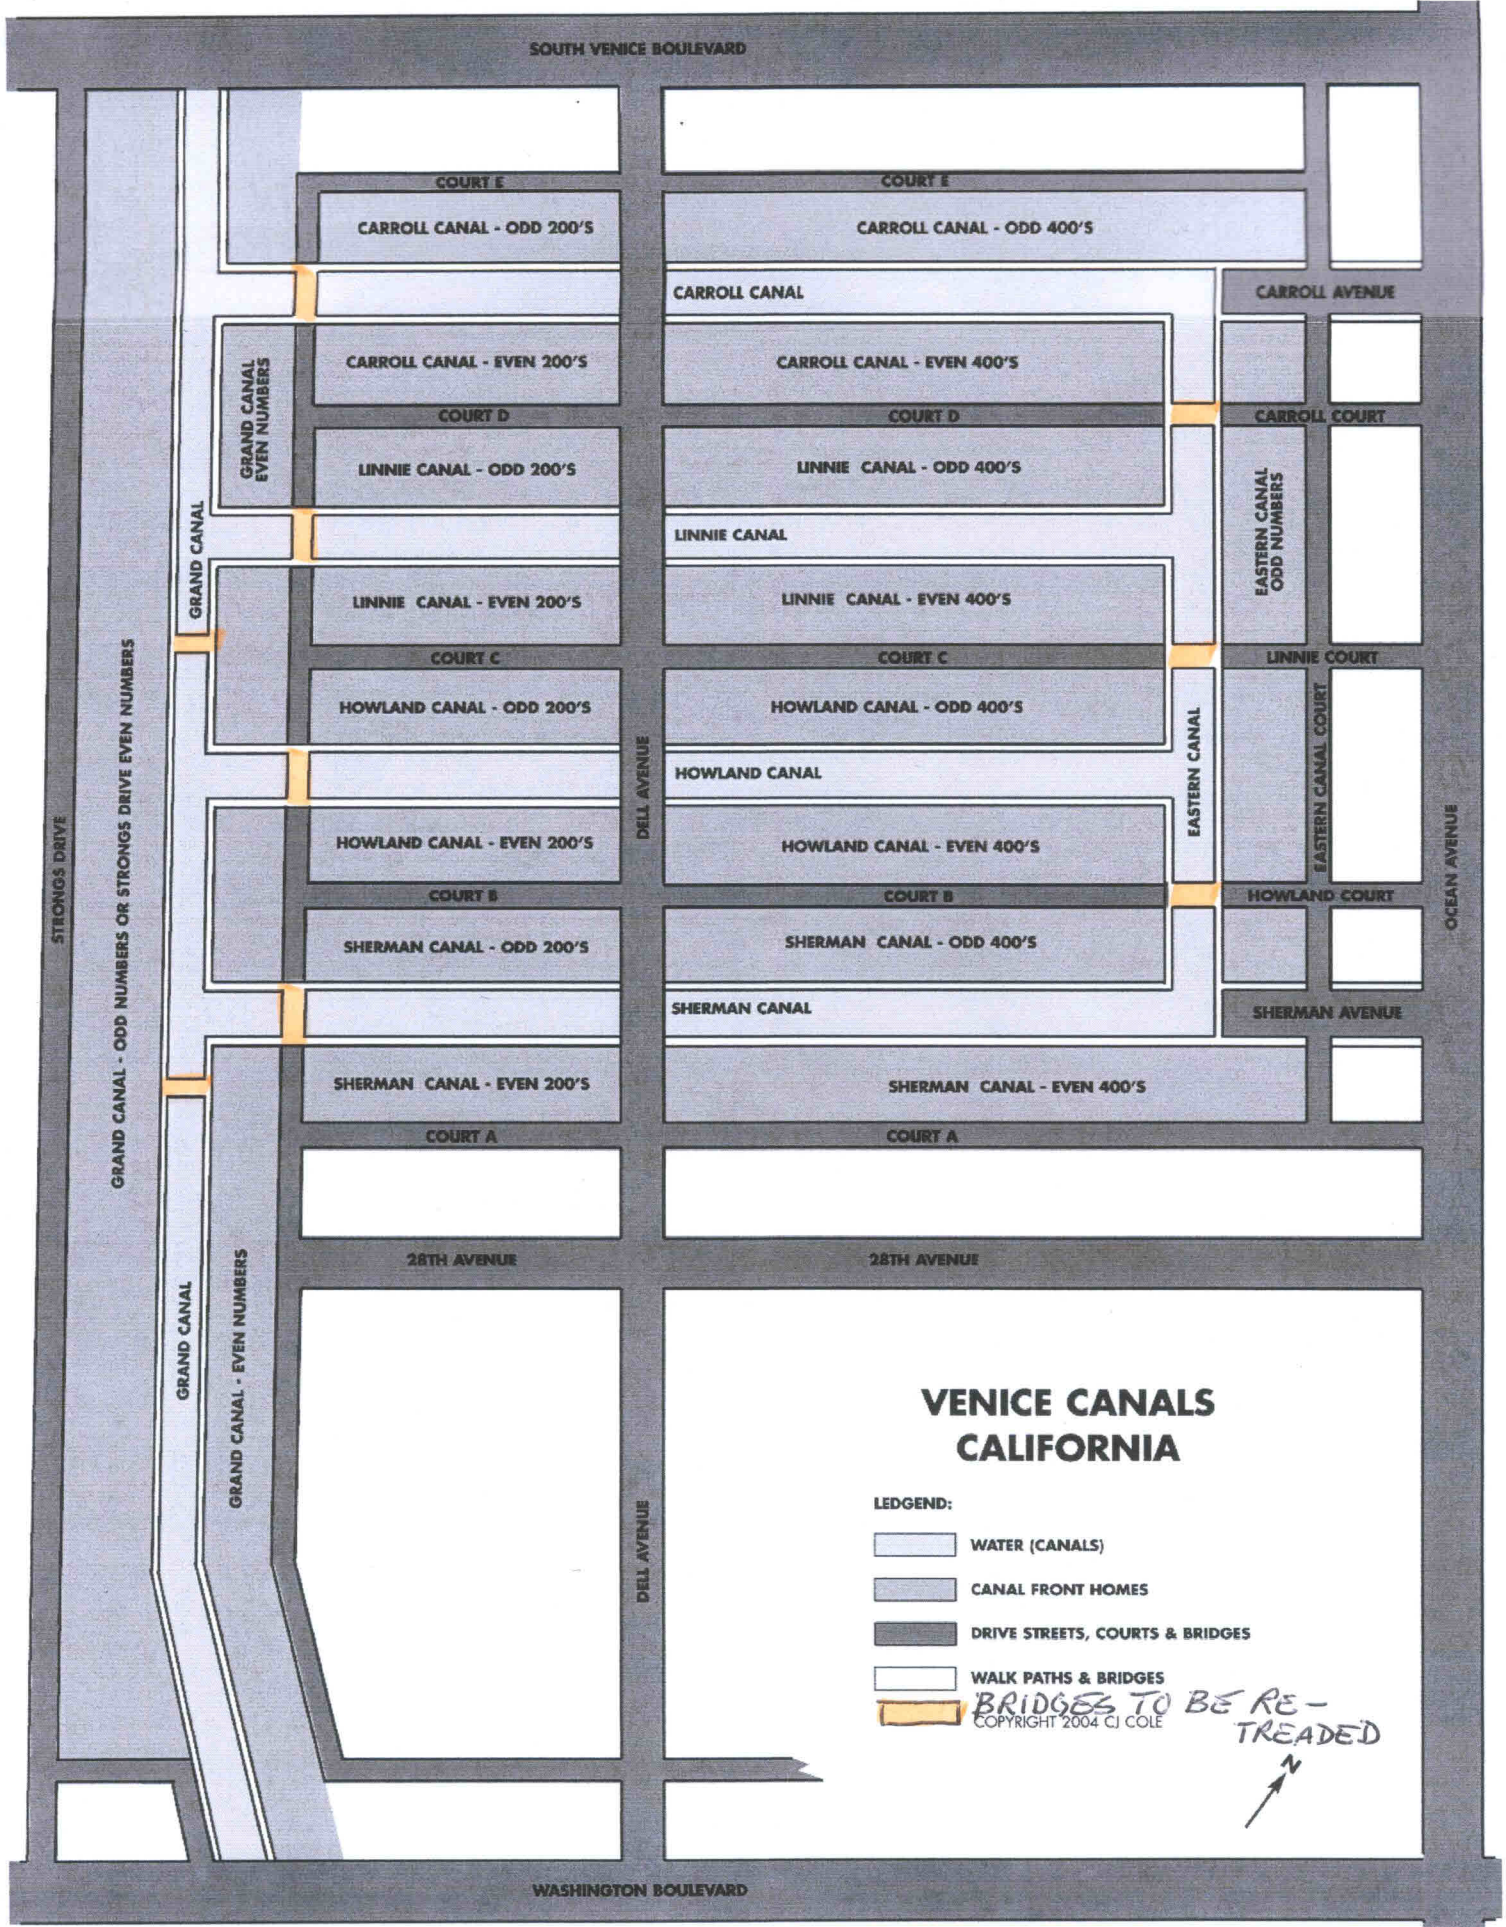

Non-skid material will be re-applied on an as-needed basis, depending on the amount of wear and tear the bridges receive over time, to make sure the public can safely use the bridges as they enjoy walking around the historic Venice Canals.

VNC Community Improvement Funding Program

Project Name: **SAVE THE VENICE CANALS WALK-BRIDGES**
(RE-TREADING VENICE CANALS WALK-BRIDGES WITH NON-SKID COATING)

Photographs of just one of the nine walk-bridges, showing the deteriorated surface of the walk treads.

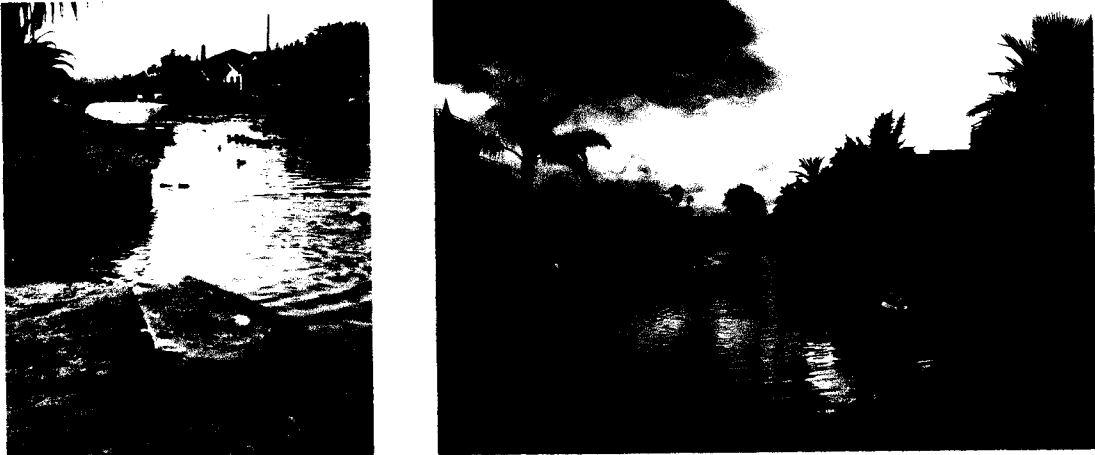

ORGANIZATION SHEET (If applicable)

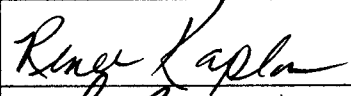

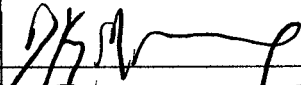

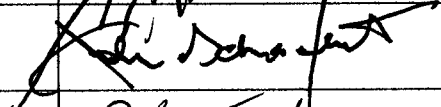

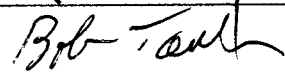

(Only complete this form if the applicant is an organization. If so, do not complete Page 7)

ORGANIZATION NAME	VENICE CANALS ASSOCIATION (VCA)
ORGANIZATION ADDRESS	POST OFFICE BOX 893, VENICE, CA 90294
<p>ORGANIZATION DESCRIPTION AND PURPOSE (Include the experience that your organization has in the execution of similar projects)</p> <p>This community project is not the first undertaken by the Venice Canals Association (VCA), a domestic non-profit California corporation. The VCA is a neighborhood Association that has been proudly serving our community's needs for more than 32 years, since our founding in January 1975. Our mission has always been and continues to be to protect, preserve, and enhance our uniquely beautiful and historic community. Without a doubt, the one accomplishment we are <u>most</u> proud of to date is spearheading the rehabilitation and restoration of our historic Venice Canals, which was completed in 1993 through an assessment district with the City of Los Angeles.</p>	
	
<p>(Continued on Page 6.A)</p>	

TOTAL MEMBERS	The proposal must include the names and SIGNATURES of 5 members of the organization (preferably Board members)	YEAR ESTABLISHED
200+ Households**		1976

* "200+ Households" represent approximately 425 individuals. To ensure fairness and equality, our VCA By-Laws established that a property owning-household would be allowed only ONE vote, thus ensuring that no multi-property-owning member would have a voting advantage over single-family-owning household.

BY SIGNING BELOW, I declare in good faith that I am a member of the organization named above. I realize the Venice Neighborhood Council may contact me to verify my membership and participation in this organization.

ORGANIZATION SHEET (Complete this form if the applicant is an organization)

(Continued from Page 6)

Our Board consists of 11 community-elected Directors who serve staggered two-year terms. Approximately three-quarters of the almost 400 properties in the Canals are owned by VCA General Members. However, not all of our members are property owners – approximately 10% are "Friends of the Canals" - canal residents who are not property owners, and others residing outside of the Canals, who simply share a love and concern for the well-being of our unique community such as the Venice Heritage Foundation, Friends of the Venice Library, the Venice Chamber of Commerce, and the Venice Canals Foundation.

And our work in the community continues. In 2005, we "partnered" with the City's CB Grant program and the Voice of the Canals (a newly formed fellow-neighborhood association) and successfully completed our first CB Grant project – the "Gateway to the Historic Venice Canals" landscape project, which allowed us to create a beautiful entryway to the Canals as well as giving us the opportunity to commemorate the historical nature of the area with the installation of Los Angeles Cultural Affairs Historical Monument Plaque No. 270, which had previously been awarded to the VCA.

The newly completed Gateway to the Historic Venice Canals Project

Before ...

After ...

Other community-oriented projects the VCA has completed include, but are not limited to the following:

- * When needed, the VCA purchases and replaces the Atriplex (saltbush) plants, which serve as our "safety handrails" along the sidewalks. Through our Atriplex Adopt-A-Plant program, residents voluntarily nurture the newly purchased plants until they are ready for planting. In conjunction with the City, we are also responsible for the planting of environmentally appropriate trees in and around the Canals, and helped to rehabilitate the children's Linnie Canal Park (and Duck yard) on Dell Avenue, making it once again safe and enjoyable for both our children and the many species of migrating waterfowl that seasonally pass through the Canals community;

- * The VCA was instrumental in designing and installing unique directional signage to assist residents and visitors alike who wish to enjoy the Canals. The public signs offer directions and the "rules and regulations" of the Canals, to better protect wildlife and promote safety. In an effort to minimize debris in the community, we also purchased and installed the numerous trash receptacles you'll find conveniently placed around the Canals, and made arrangements with the City for the trash removal from them;

- * In keeping with our "recreational wetland environment" designation, the VCA worked with the City and Coastal Commission to develop a boat dock design specifically geared for the small boats that are permitted on our waterways.

- * For many years, the VCA sponsored a bi-annual Canal & Bridge Clean-up Day in which residents "adopted" each of our nine pedestrian and four vehicular bridges to clean and repaint. Ever mindful of environmental concerns, we now use only those paints and cleaning products that are friendly to our special wetland eco-system;

- * Another of our more important projects is the on-going protection and improvement of the water quality of the entire North Venice Canals waterway system. Sea water flows in and out of the Ballona Lagoon, which is an important true wetland preserve, through the County's tidal gates in the Marina. In an effort to stop contaminated street and storm drain runoff from entering the Lagoon, the City, working with the VCA, installed special filters on free flowing storm drains that empty into the Venice Canals. Additionally, to minimize street overflow runoff and unfiltered petroleum residue and other contaminants from flowing into our waterway, the VCA assisted residents with the installation of filtered drains in almost all of our access Courts and parking lots adjacent to the Canals.

PERMISSION FOR USE OF PROPERTY SHEET (If applicable)

Use this form to show the approval of the use of the project site from the property owner, school principal, city agency, etc. Attach as many as necessary.

PROJECT NAME		SAVE THE VENICE CANALS WALK BRIDGES (RE-TREADING OF VENICE CANALS WALK-BRIDGES WITH NON-SKID COATING)	
APPLICANT		VENICE CANALS ASSOCIATION (VCA)	
ENTITY OR NAME OF PERSON WHO CONTROLS USE OF THE PROPERTY		MARK-ANTONIO GRANT	TITLE SPECIAL PROJECTS, OFFICE OF COUNCILPERSON BILL ROSENDAHL, CD 11
FACILITY/BUSINESS NAME		CITY OF LOS ANGELES DEPARTMENT OF STREET SERVICES	PHONE (310) 568-8772
SITE ADDRESS 9 WALK-BRIDGES LOCATED THROUGHOUT THE HISTORIC VENICE CANALS (PLEASE SEE SITE MAP ATTACHED HERETO AS PAGE 5.B. FOR EXACT LOCATIONS OF THE 9 BRIDGES)			

DESCRIPTION OF USE AND PERMISSION NEEDED FOR THIS SITE

LICENSED CONTRACTOR WILL REQUIRE ACCESS TO THE 9 WALK-BRIDGES (ONE AT A TIME) TO PREPARE AND PAINT THE WALK TREADS ON EACH WITH SEVERAL COATS OF THE NON-SKID COATING MATERIAL SAFE-TRAC G. AS EACH BRIDGE IS BEING RE-TREADED, IT WILL NEED TO BE CLOSED TO THE PUBLIC FOR 1-3 DAYS TO ALLOW THE MATERIAL TO PROPERLY DRY.

NO SPECIAL PERMIT FROM THE CITY IS REQUIRED BEFORE THIS WORK CAN BE DONE.

BY SIGNING BELOW, I declare in good faith that I own or am responsible for the named property. I understand that the applicant is seeking funding through the Venice Neighborhood Council. I grant the applicant permission to use the property for the implementation of the above named project. I understand that the project will begin after July 1, 2011.
