Dear Bill:

and ENV 2007-2490 MND
Council File # 08-1082/543
543 Grand Boulevard, Venice, California 90291

Reference: City Council Consideration of subject case.

Dear Bill:

The project to be placed in front of the City Council has a different recommendation from that which LUPC crafted and VNC Board of Officers approved. Please be aware that at a regular meeting of the Venice Neighborhood Council August 21, 2007 the Board of Officers moved and passed, 11-0-4, the Land Use and Planning Committee's recommendation for subject case:

"That the Venice Neighborhood Council recommend approval of three existing units, the garage to be at the rate of very low, there is to be no en lieu fees, the hedges and fences in the front must be brought down to the legal limit and two substandard parking spaces."

Sincerely,

Mike Newhouse, President
Venice Neighborhood Council
