Subject: T-Mobile Cellular Tower Installation on Seventh Street
At Westminster Street Beside Oakwood Recreation Center

Reference: Venice Neighborhood Council Board of Officers Meeting
November 18, 2008

Dear Bill:

As your office is aware, the Venice Neighborhood Council has unanimously approved the following motion:

"That the VNC send a letter to Bill Rosendahl and relevant city departments (including but not limited to Bureau of Engineering), and to the California Coastal Commission requesting that they repeal the utility permit on the installation on a utility pole near the intersection of 7th Avenue and Westminster Avenue and require the immediate cessation of construction and the removal of the cellular installation because:

1. There was improper notification to the surrounding residents and the VNC and lack of follow-through,
2. No Coastal Development Permit was obtained, and
3. Failure to comply with VCZSP, particularly the height requirements for the Oakwood sub-area."

There needs to be a citation regarding height restriction in this case.

Sincerely

Mike Newhouse, President
