A **Motion to Shorten VNC Board Meetings**; Linda Lucks (President@Venicenc.org)

MOTION: Discussion and possible action on possible solutions to shorten VNV Board meetings. Areas of discussion should include, but not be limited to: increasing the number of Board meetings; having less items on the agenda; placing the following items at the end of every AdCom agenda: 1) Compute and adjust time allocations and 2) Prioritize placement of agenda items.

B **Motion to approve mission statement for Visitor Impact ad hoc Committee**; Linda Lucks (President@Venicenc.org)

MOTION: To approve the mission statement for a Visitor Impact ad hoc committee.

MISSION STATEMENT: This committee will review the comments from the Visitor Impact Town Hall and explore and create VNC Board agenda items dealing with the impact of visitors on the Venice community. This committee will also research and report on monies generated from Venice tourist and permitted activities including the agencies and officials that allocate these funds. The committee will expire upon completion of its mission and no later than one year from its date of creation.

- C** **Motion to approve mission statement for Bylaws Review ad hoc Committee;** Ivan Spiegel (Parliamentarian@Venicenc.org)

MOTION: To approve the mission statement for a Bylaws Review ad hoc committee.

MISSION STATEMENT: This committee will review and update the VNC Bylaws to comply with the new citywide uniform Table Of Contents and wireframe policies as mandated by the Board of Neighborhood Commissioners. The committee will also take this bylaws update opportunity to critically analyze and suggest revisions to the VNC Board for approval prior to the DONE deadline of April 5, 2011. The committee membership will consist of both Board members and stakeholders.

- D** **Venice Specific Plan clarification re: public right of way main;** Judith Roth Goldman (310 394-2501, jrgposte@aol.com)

WHEREAS The Venice Specific plan states that "the existing gardens/patios located within the public right-of-way, between the fences and the property line, shall be maintained to provide a transitional zone between the public pathways and private dwellings." and

WHEREAS This wording implies, though does not state specifically, that property owners are responsible for maintaining their own garden or patio located within this transitional zone.

BE IT RESOLVED the VNC Administrative Committee shall recommend that the VNC LUPC Committee research and provide clarification and confirmation on the following items within 30 days:

- 1- Who owns the "fee" from the property line to the center line of the walk streets and alleys.
- 2- Who specifically is responsible for maintaining the gardens/patios located within the public-right-of way, between the fences and the property line.
- 3- What the responsibilities and rights are within the fees with regard to landscape (and other) maintenance issues as set forth in the Venice Specific Plan public right of way ordinance.

MOTION: We, the members of Voice For The Animals Foundation, a non-profit animal protection organization and Sergeant Reina, head of LAPD beach detail, are hereby requesting that the Venice Neighborhood Council send a letter to Councilman Bill Rosendahl and ask that the current city ordinance prohibiting dogs on the boardwalk be amended as follows:

The exception to Subdivision 2. contained in this Paragraph as it pertains to dogs shall not apply upon any boardwalk, sidewalk or public way immediately adjacent to any beach lands or beach properties adjoining the waterfront of the Pacific Ocean between the southerly boundary of the City of Santa Monica and Washington Street in the City of Los Angeles, between the hours of 11 a.m. and 8 p.m. on Saturday, Sunday and all holidays from Memorial Day until November 1 and from 11:00 a.m. to 6 p.m. from November 2 to the day before Memorial Day on Saturday, Sunday and all holidays and, no dogs shall be permitted within the area during those times and days. These restrictions shall apply all year round.

- C** **13.1 Marathon Los Angeles (10 Minutes)**; Michelle Lindner on behalf of the Neighborhood Committee (310-821-7898, michelle@genericevents.com)

MOTION: The Venice Neighborhood Council welcomes the second annual 13.1 Marathon – Los Angeles to Venice on January 16, 2011. As this Half-Marathon will utilize streets in and around Venice, the VNC will work with the Event Organizer to notify stakeholders in an attempt to minimize any possible inconveniences.

Approved unanimously by the Neighborhood Committee.

11. New Business

[Discussion and possible action regarding the following matters]

- A** **Creation of a Visitor Impact ad hoc Committee**; Linda Lucks (President@Venicenc.org)

MOTION: To create a Visitor Impact ad hoc committee with the following mission statement:

MISSION STATEMENT: This committee will review the comments from the Visitor Impact Town Hall and explore and create VNC Board agenda items dealing with the impact of visitors on the Venice community. This committee will also research and report on monies generated from Venice tourist and permitted activities including the agencies and officials that allocate these funds. The committee will expire upon completion of its mission and no later than one year from its date of creation.

- B** **Creation of a Bylaws Review ad hoc Committee**; Ivan Spiegel
(Parliamentarian@Venicenc.org)

MOTION: To create a Bylaws Review ad hoc committee with the following mission statement:

MISSION STATEMENT: This committee will review and update the VNC Bylaws to comply with the new citywide uniform Table Of Contents and wireframe policies as mandated by the Board of Neighborhood Commissioners. The committee will also take this bylaws update opportunity to critically analyze and suggest revisions to the VNC Board for approval prior to the DONE deadline of April 5, 2011. The committee membership will consist of both Board members and stakeholders.

- C** **Motion to allocate VA space for overnight parking for VETS**; Linda Lucks and Jay Handal, President WLA Neighborhood Council (President@Venicenc.org, President@WLANC.org) **See Exhibit F**

MOTION: The VNC Board requests the President to send a letter to the offices of Councilman Rosendahl, Mayor Villaraigosa, Supervisor Yaroslavsky and Congressmembers Harman and Waxman supporting the efforts of the West LA NC to allocate space on the VA compound to allow overnight parking by homeless veterans.

- D** **Motion to Request Additional Police Deployment Stay in Venice**; Mariana Aguilar (3109263572, mla5@cornell.edu) **See Exhibit G**

MOTION: WHEREAS, 21 additional officers were deployed to Venice in May of this year; and

WHEREAS, there is some consideration by the LAPD to transfer these officers out of the community starting in January
BE IT RESOLVED THAT the VNC send a letter to government officials including the Mayor, Councilman Rosendahl, Chief Beck, and Captain Peters, requesting that the 21 additional officers remain assigned to the Venice area on a permanent basis.

- E** **Motion to urge immediate implementation of Streets to Homes Program**; Karen Wolfe & Carolyn Rios (310-460-9644, wolfepack@verizon.net) **See Exhibit I**

MOTION: Whereas: Venice residents and businesses have long suffered more than their share of the City's problems associated with homelessness;

Whereas: The VNC has supported Councilman Rosendahl's multi-pronged approach to the problems attendant with homelessness that seeks simultaneously to provide relief to Venice residents, business owners and visitors as well as to assist those truly in need;

Whereas: The VNC has supported Councilman Rosendahl's amendment to strengthen the City's Oversize Vehicle Ordinance to support law enforcement as one part of that simultaneous approach;

Whereas: The VNC has supported Councilman Rosendahl's Streets to Homes Pilot Program to provide services to needy, law abiding homeless people as the second half of that simultaneous approach;

Whereas: The Streets to Homes Pilot Program has been funded, the RFP issued and a service provider selected;

Whereas: Numerous City parking lots exist in CD11 that could immediately provide limited spaces for such a program;

Whereas: The Oversized Vehicle Ordinance has been approved by City Council and will be implemented soon;

Whereas: Implementation of the Streets to Homes Pilot Program is dependent upon amendment of Los Angeles Municipal Code 85.02 in order for any of those spaces to be used and the amendments to LAMC 85.02 are sitting in the Transportation Committee that Councilman Rosendahl chairs;

Therefore, BE IT RESOLVED THAT The VNC urges the Councilmember to act with all due haste to send the amended draft ordinance to the full City Council and seek support from his colleagues for the full implementation of his multi-pronged approach.

Community Impact Statement: Amending LAMC 85.02 is essential to the success of Councilman Rosendahl's efforts to simultaneously provide compassionate services to those truly in need and to provide enforcement tools to protect the beleaguered Venice community which has suffered more than its fair share of the problems attendant with homelessness. Without proper and speedy amendments to 85.02, the services part of the program is impossible and the result—sweeping the problem down to the next community—is unacceptable.

Introduction to cell towers in Venice – a five minute PowerPoint presentation.

MOTION: WHEREAS, in November 2010 the VNC President formed a cell tower task force to study and recommend to the Board a policy of how to address new and existing cell towers in the community,

BE IT RESOLVED THAT The VNC requests the city holds all cell tower permit applications until 2/1/2011 to give the VNC time to publish a policy statement on this issue.

- G** **Motion to reject WRAC CCF motion on Community Care Facilities;** Carolyn Rios on behalf of Neighborhood Committee (crlynrios@ca.rr.com)

The Neighborhood Committee voted unanimously 6-0-0 against WRAC motion -

The CPC-2009-800-CA; ENV-2009-801-ND ‘COMMUNITY CARE FACILITIES’ Ordinance for Community Care Facilities in low-density residential zones shall VI. (i)limit the concentration of facilities, (ii) restrict location near schools and other sensitive uses by 1,000 feet, (iii) require a public hearing for all applications directing that a public benefit must be demonstrated and/or where the applicant requests a reasonable accommodation, and (iv) provide an affirmative statement that no legal non-conforming use is created by the ordinance.

- H** **Request VNC to join FAST; support short-term traffic improvement;** Evelyn Alexander on behalf of FAST - Fixing Angelenos Stuck in Traffic (310-351-9309, evelyn@jhu.edu)

See Exhibit J

MOTION: The VNC shall join and give support to FAST (Fixing Angelenos Stuck in Traffic), a non-profit organization which has built a coalition of businesses, residents, students, labor and environmental activists to advocate for high-impact, low-cost changes to our infrastructure that would make traffic move more smoothly throughout the region. Membership in FAST is free.

- I** **Support for neighborhood clean-up projects;** Carolyn Rios on behalf of the Neighborhood Committee (310-821-7922, crlynrios@ca.rr.com)

MOTION: The Venice Neighborhood Council supports the joint efforts of the VNC Neighborhood Committee and the Venice Chamber of Commerce in sponsoring several neighborhood clean-up projects this year.

PROJECT SUMMARY TO VNC

As submitted in January 2010, a project redesigned from original application of 2006 now requesting a Coastal Development Permit, a Specific Plan 10% Height Adjustment above the 28' walk street limit, a Mello Act exemption, and a Specific Plan Compliance Permit to construct a 3-story duplex condominium with entrances on the Walk Street, Ozone Avenue, and vehicular access from the alley, Ozone Court. The redesigned project was submitted for ENV 2006 reconsideration and was determined not to be a "substantial revision" requiring MND recirculation. Since submitting the ZA-2010 application, the owner has agreed to revise the design in order to conform to the 28' height limit.

Staff Report Follows: LUPC STAFF REPORT

SYNOPSIS: This is an application for a CDP, SPPA, a Mello Act Exemption and SPP for a fully redesigned 3-story duplex condominium project fronting on Ozone Avenue, a beach-adjacent Walk Street. The applicant received approval with conditions in a determination letter from the Advisory Agency dated October 21, 2009 for a Parcel Map (AA-2006-3047-PMLA-CN). A hearing to finalize the process and allow public comment has yet to be scheduled. An APCW application (APCW-2006-2524-SPE-CDP-SPPA-SPP-MEL) previously filed by the applicant in 2006 was later withdrawn and subsequently dismissed by the West LA APC in a 4/05/07 letter. In a letter dated June 23, 2009, the applicant requested a reconsideration of the original MND (ENV-2006-2525-MND) for the filing of a DIR-2008-152-SPP-SPPA to:

1. Relocate vehicular access to the site from Pacific Avenue to the alley
2. Omit the Specific Plan Adjustment request to permit a 30'-10" height for one unit in lieu of the 28' allowed
3. Omit the Specific Plan Exception request to allow one condominium to not have the entrance along the Walk Street

In an addendum letter of July 20, 2009, (ENV-2006-2525-MND-REC1) the LA Planning Director determined that the redesigned project was in compliance with the environmental requirements and with all applicable regulations, findings, standards and provisions of the specific plan, and compliance with the Coastal Plan. A Mello Act determination made in July 2005 by the LAHD found the property vacant for one year and therefore exempt from the requirement to provide affordable replacement units. The project was resubmitted as ZA-2010-1942-CDP-SPPA-SPP-MEL in January 2010 with a request for a 10% Height Increase Adjustment..

ARGUMENTS FOR THIS PROJECT:

Mello Act: The applicant has received an LAHD exemption based upon property being vacant for more than one year dated July 26, 2005

Mitigated Negative Declaration: Reconsideration determined redesigned project in environmental compliance dated July 20, 2009

Parcel Map Determination: Parcel Map approved with conditions as of October 21, 2009; hearing is required

Design: The project has been completely redesigned, to address the following Planning and Zoning concerns that led the applicant to withdraw the project from consideration in 2007.

- Vehicular Access:** Tandem garage parking for required 4 cars (VCZSP section 13.D, and section 10.F for a lot width less than 35' at alley) now entered from Ozone Court (alley) in lieu of from Pacific Avenue.
- Height Limit:** Although the reconsideration of environmental review findings (ENV-2006-2525-MND-REC1) found the 2.75 foot height adjustment requested fell within the 10% limits of the VCZSP height adjustment provision, the applicant has agreed to respect the Walk Street height limit of 28' in order to match the mass, scale and character of the neighborhood per the VCZSP.
- Walk Street Entrances:** Design has been revised to provide entrances to two separate units from Ozone Avenue

Other Factors

- Applicant worked with adjacent neighbor regarding their appeal of survey conflicts and inconsistencies resulting in neighbor's ability to maintain location of existing fence

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org

Email: info@VeniceNC.org

- Per VCZSP section 9.2, the project has been redesigned with visual breaks and architectural features including balconies, inset front entrance to one unit at ground level, ground level entrances and habitable space, windows and changes in material on building elevations fronting walk street, alley and Pacific Avenue, as well as landscaping along walk street and Pacific Avenue.

ARGUMENTS AGAINST THIS PROJECT:

DWP Power Pole Guy Line: Parking access from alley currently obstructed by DWP power pole diagonal guy line protruding into vehicular entrance width.

Neighborhood Comments: At an October 24, 2010 neighborhood meeting, neighbors expressed concern for the requested height increase of 2.75' (total height 30.75') at the Walk Street, but voiced unanimous support for the project should the 28' height limit be met. Since that date the applicant has revised the design to meet that limit.

EXHIBIT D - Criteria for selecting posting sites

The criteria used to select posting places were:

- Site must be within the VNC boundaries (eg. can't post on county land on south side of Washington);
- We have to have physical access to the site so that we can post;
- As many sites as possible (at least 1) should be available for viewing 24/7 (none currently are);
- The sites should be geographically diverse across the VNC's territory;
- there should be a reasonable level of foot traffic;
- the posting place must have a bulletin board large enough to hold meeting notices from at least 3 committees simultaneously;
- posting at the site must not present an undue burden on person doing the posting.

Exhibit E – Amend City Ordinance (LAMC 42.15) that Prohibits Dogs on the Boardwalk

Wednesday, November 17, 2010

To the Venice Neighborhood Council:

We, the members of Voice For The Animals Foundation, a non-profit animal protection organization and Sergeant Reina, head of LAPD beach detail, are hereby requesting that the current city ordinance prohibiting dogs on the boardwalk be amended.

The current law and revised law are posted below:

CURRENT LAW

The exception to Subdivision 2. contained in this Paragraph as it pertains to dogs shall not apply upon any boardwalk, sidewalk or public way immediately adjacent to any beach lands or beach properties adjoining the waterfront of the Pacific Ocean between the southerly boundary of the City of Santa Monica and Washington Street in the City of Los Angeles, between the hours of 11:00 a.m. and 8:00 p.m. on weekends and holidays from Memorial Day through October 31, and no dogs shall be permitted within the area during those times and days.

REVISED LAW

The exception to Subdivision 2. contained in this Paragraph as it pertains to dogs shall not apply upon any boardwalk, sidewalk or public way immediately adjacent to any beach lands or beach properties adjoining the waterfront of the Pacific Ocean between the southerly boundary of the City of Santa Monica and Washington Street in the City of Los Angeles, between the hours of 11 a.m. and 8 p.m. on Saturday, Sunday and all holidays from Memorial Day until November 1 and from 11:00 a.m. to 6 p.m. from November 2 to the day before Memorial Day on Saturday, Sunday and all holidays and, no dogs shall be permitted within the area during those times and days. These restrictions shall apply all year round.

We feel strongly that this is an issue of public safety. The following reasons have been cited in favor of the ordinance:

1. Dog bites occur on the boardwalk
2. The boardwalk is too crowded to guarantee the safety of dogs and people
3. Dog fights break out on the boardwalk
4. People bring their dogs on the boardwalk with the intention of intimidating other dogs & people
5. Dogs get off their leashes and attack other animals and/or people allow dogs to roam free, claiming "their dogs don't bite"
6. People illegally sell dogs on the boardwalk
7. No dogs are allowed on the sand, which becomes confusing to owners as they walk the line of boardwalk/sand
8. The boardwalk hosts many food vendors and with dogs urinating and defecating in close proximity to said vendors, an unhealthy environment is created

By amending the current city ordinance and simplifying the language surrounding the restriction, we believe that the ordinance will be more easily enforceable, thus increasing public safety.

Respectfully yours,

Voice For The Animals Foundation and LAPD Beach Detail

Exhibit F - Draft Letter re: Overnight Parking for Homeless Veterans at VA in WLA

December , 2010

Congresswoman Jane Harman, Congressman Henry Waxman
Supervisor Zev Yaroslavsky, Mayor Antonio Villaraigsa
Councilman Bill Rosendahl

RE: Overnight Parking on VA Property in WLA for Homeless Veterans

Dear Elected Officials:

On December 21, 2010, the Venice Neighborhood Council, by a vote of ___ passed a motion in support of the efforts of the WLA Neighborhood Council to allocate space on the VA compound to allow overnight parking by homeless veterans.

Early this year the St. Joseph Center assessed a sample population of individuals housed in 48 vehicles in Venice and found that 24% were Veterans and shockingly only 2 percent of those were actually receiving services from the Veterans Administration.

It is time that our country takes care of its Veterans in need, and allowing those still functional enough to have a roof of some sort over their head, to receive services due them for their sacrifice with will lead to permanent housing. We urge the VA to implement a Safe Overnight Parking program in Los Angeles to serve as a national model addressing a long overdue need. It is an inexpensive and immediate way to address a growing and worrisome trend.

Sincerely,

Linda Lucks
President

Exhibit G – Draft Letter re: Maintaining Police Deployment in Venice

Dear Mayor Villaraigosa, Councilman Rosendahl, Chief Beck and Captain Peters:

The Venice Community was very pleased to see that the City of Los Angeles committed 21 additional officers to the community policing effort starting in May of this year. Their presence has made a huge difference to the safety and security of both residents and visitors and we deeply value this increased police presence. However, apparently there is some consideration by the LAPD to transfer these officers out of the community starting in January. We strongly encourage you, Mayor Villaigosa, Councilman Rosendahl, Chief Beck and Captain Peters, to maintain their deployment in Venice on a permanent basis.

Our Community is deluged with visitors, transients and a high level of criminal activity all year long. While the number of tourists may decline in the winter, the number of transients and criminals does not. We understand that in past years that as the LAPD transferred the summer detail out in September crime increased. Without these extra officers, those already in our midst or within easy distance, who are inclined to commit crime, feel less restrained.

Venice produces a very large portion of property and sales tax revenue due to its attraction but bears the brunt of its popularity with intense problems. We are asking for additional permanent policing because clearly we need it and secondly because Venice is a significant source of tax revenue for the City. We believe it is only fair and reasonable that an area that competes with Disneyland as a popular regional destination and with downtown Los Angeles for complex transient problems should reasonably have adequate police support.

Please maintain this deployment so that the great progress that Captain Peters and his LAPD Pacific Division has made can be maintained for the benefit of the citizens of Venice and the many other Angelinos who enjoy visiting Venice.

Sincerely,

Linda Lucks

Exhibit H – Draft letter re: Cell Phone Tower Permits

Dear Councilman Rosenfeld:

On the behalf of the Venice Neighborhood Council, I am requesting you place a 60 day hold on all new or pending Cell Tower permit applications. During this hold period, our Council would like to study the issues our Stakeholders have expressed about increasing this equipment in our community. Upon conclusion of the hold period, we will publish our findings and ask you to support our recommendations.

Our study will include community outreach, research existing governing laws, communication with service providers to better understand their present and future needs and look at the impacts our proposed policy will have on the City wide General Plan Framework, Venice Land Use Plan and Venice Coastal Zone Specific Plan.

In the past year we have received several new installations of this equipment into our community with almost NO public outreach. These equipment providers seem to have the attitude, what they want they get. This needs to stop on a level playing ground and we believe if we publish a policy statement that considers their needs and our unique urban community conditions, many of the negative existing issues related to this equipment will go away – or at least as far as our opinion as the Venice Neighborhood Council reaches. As always, thank you for supporting the interests of our community. I look forward to your positive response.

Sincerely,

Linda Lucks

Exhibit I – Draft letter re: Vehicles To Homes Program

Dear Councilmember Rosendahl,

The following motion to urge immediate implementation of the Vehicles to Homes Program was passed by the Venice Neighborhood Council on Tuesday, December 16, 2010.

Whereas: Venice residents and businesses have long suffered more than their share of the City's problems associated with homelessness;

Whereas: The VNC has supported Councilman Rosendahl's multi-pronged approach to the problems attendant with homelessness that seeks simultaneously to provide relief to Venice residents, business owners and visitors as well as to assist those truly in need;

Whereas: The VNC has supported Councilman Rosendahl's amendment to strengthen the City's Oversize Vehicle Ordinance to support law enforcement as one part of that simultaneous approach; Whereas: The VNC has supported Councilman Rosendahl's Streets to Homes Pilot Program to provide services to needy, law abiding homeless people as the second half of that simultaneous approach;

Whereas: The Streets to Homes Pilot Program has been funded, the RFP issued and a service provider selected;

Whereas: Numerous City parking lots exist in CD11 that could immediately provide limited spaces for such a program;

Whereas: The Oversized Vehicle Ordinance has been approved by City Council and will be implemented soon;

Whereas: Implementation of the Streets to Homes Pilot Program is dependent upon amendment of Los Angeles Municipal Code 85.02 in order for any of those spaces to be used and the amendments to LAMC 85.02 are sitting in the Transportation Committee that Councilman Rosendahl chairs;

Therefore, Be It Resolved that the VNC urges the Councilmember to act with all due haste to send the amended draft ordinance to the full City Council and seek support from his colleagues for the full implementation of his multi-pronged approach.

Amending LAMC 85.02 is essential to the success of your efforts to simultaneously provide compassionate services to those truly in need and to provide enforcement tools to protect the beleaguered Venice community which has suffered more than its fair share of the problems attendant with homelessness. Without proper and speedy amendments to 85.02, the services part of the program is impossible and the result—sweeping the problem down to the next community—is unacceptable.

Sincerely,

Linda Lucks

Exhibit J – FAST

About FAST:

FAST is a non-profit organization dedicated to designing and supporting the implementation of short-term strategies to reduce traffic congestion in Los Angeles by optimizing current transit infrastructure and facilitating use of public transit. FAST has developed a coalition business owners, workers, faculty, students and residents of Los Angeles County.

In 2008, FAST partnered with Metro and the Music Center to commission a study by the RAND Corporation. RAND came up with 13 high-impact, low-cost changes that we can implement immediately to make traffic move more smoothly throughout the County. The 13 recommendations can be found here: <http://fastla.org/solutions/randrecs>.

FAST's mission is to:

1. Educate residents and employers about the cost of traffic and the mobility benefits attainable through RAND's recommendations;
2. Build an active coalition committed to solving LA traffic by making our roadway network more efficient, reducing car trips by using transit alternatives, and supporting traffic reduction projects;
3. Create high-impact mobility improvements by encouraging elected officials and transit agencies to invest Measure R's "Local Return," state and federal funds toward implementing RAND's traffic solutions.

FAST is clearly aligned with the VNC's Walkability Goals. FAST is focused not only on traffic fixes, but also on making public transit more user-friendly, as well as strategies which make drivers think about the true cost of their entire trip, including parking. Additionally, our support for Traffic Demand Management (TDM) systems in employment centers includes shuttle systems and alternates to "one person per car" transport.
